Closed

**Thurs Nov 28th &
Fri Nov 29th**

Frozen pipes

Here are few tips to help prevent your pipes from freezing this year:

- Check your outside water taps and along the water lines – against your home and out in your yard especially driveways where the frost goes the deepest.
- Insulate cold and hot water lines as you see fit,
- Check crawl space openings (or trailer skirting) – REPAIR if necessary!
- Detach hoses from your outside taps

Notify the Elsinore Town Office if you notice any problems. We can offer limited help or suggestions, but not repairs.

Wintertime parking

Do not park on Main Street or Center Street during the months that ice or snow may accumulate.

Elsinore Town will not be held responsible for vehicles and trailers that are damaged by Sevier County during the snow removal process.

Sevier County does not have a set removal schedule. Snow and ice may be removed on any day/night or time.
